

## Tayla MacDonald

My summer as a clerk in the corporate team at Webb Henderson was an incredibly valuable and rewarding experience.

From day one, I felt genuinely supported by a team that was invested in my growth and always willing to guide me through new and challenging work. I was given meaningful opportunities to develop my legal skills, particularly in commercial drafting, and to contribute to real client matters. The experience gave me a clear and practical insight into what working in corporate law is truly like.

I also benefited from exposure to other specialist areas of the firm, including the outstanding competition and telecommunications teams, whose training sessions broadened my understanding of the wider commercial landscape.

I'm very grateful for the experience and would highly recommend the Webb Henderson summer programme to anyone considering a career in corporate law.
